# Sex, Drugs and Rock & Roll

Changing Perspectives in Retirement

## THE CONFERENCE

### The BC Chapter invites you to the beautiful west coast!

The children of the 60's are beginning to turn 60. How are the Boomers reshaping our perspective of retirement? Their views on topics such as sex, drugs and rock & roll have altered dramatically.

The Boomers have the will and the power to dramatically change the retirement planning landscape – in fact, they have already begun. The terms 'retired' and 'senior citizen' are no longer synonymous. This mind shift presents both opportunities and challenges surrounding issues such as **Sex** (*intimacy, relationships, sexuality*), **Drugs** (*health & home care, pharmaceuticals*) and **Rock & Roll** (*lifestyle, taxes, death*). How can we better understand ourselves and our clients in these changing times?

The Retirement Planning Association of Canada recently launched a new name, a new logo and a new focus. We're celebrating by launching the first 'RPAC' Conference aboard the cruise liner, 'Mercury'.

Learn from the experts while at sea, leaving plenty of free time to explore the ports of call and observe the stunning glaciers, fiords and wildlife found along the west coast of Alaska and British Columbia.

Please forward any questions regarding the conference to:
